

Glenellen Solar Farm

Community Update

27 June 2025

Glenellen Solar Farm Community Grant Program

The Glenellen Solar Farm Community Grant Program aims to support projects and initiatives that help the community grow and prosper. In 2025, the program will provide up to \$100,000 in grant funding to support local projects that deliver lasting benefits.

A local selection committee has been formed with 7 representatives from the local community following a call for nominations and is now preparing for their first meeting on July 22. We anticipate opening applications in the first week of August, with detailed information and timelines to be published in the Jindera News.

Who can apply?

Local groups or organisations working to advance community development, infrastructure, education or any other worthwhile community projects in the Jindera area are encouraged to apply.

What types of projects can be funded?

Find below examples of projects that could be eligible:

- **Community Development**
 - ✓ Facilities and infrastructure upgrades
 - ✓ Local enterprise and employment programs
 - ✓ Health and wellbeing initiatives
 - ✓ Cultural and arts events
 - ✓ Sport and recreation activities
- **Environmental Initiatives**
 - ✓ Energy efficiency projects
 - ✓ Native wildlife and vegetation protection
- **Education & Training**
 - ✓ Education and training programs
 - ✓ Equipment purchases
 - ✓ Facility upgrades
 - ✓ Scholarships
 - ✓ School trips and excursions

....and many more

Stay tuned for updates in the Jindera News and start thinking about how your project could benefit the Jindera community!
